**JUST COOL**

A woman with blonde hair, wearing a dark top and a patterned scarf, standing in the background.

A white pot on a burner.

Two wire baskets, one containing blue items.

A glass carafe.

A stainless steel sink.

Two blue bar stools with chrome bases.

Three books on a shelf. The spines of the books are visible, with text including "Inspiration and Knowledge" and "A new start to living".

A white container on a shelf.

A blue shelf containing a glass carafe and two glasses.

A CUCINE

"her mysterious  
she was always true."  
and utility are not fully  
experience.

  
CASSANDRA CUCINE

The daring design evokes Cassandra's myth

"No one would ever believe her mysterious predictions, but at the end, she was always true."

Similarly,

Cassandra's kitchen space and utility are not fully comprehended until the real experience.
